HUMOR OF THE HOUR
A Postal Convenience.
Soon after postal cards had been introduced a tall, stoop shouldered person came from the timber of northern Illinois went into the village postoffice and asked:
"Have you got any o' them tall postal cards?"
"Yes."
"Gimme one."
"With a great flourish he wrote his communication and then inquired:
"Got any stamped envelopes?"
On being answered in the affirmative he said:
"Gimme one."
He put the card into the envelope, sealed and addressed it, and said as he handed out a nickel to pay the bill:
"Tell ye what, postmaster, them's deegone handy. Wonduh the government nevuh thought on hit aforeh."—Judge's Library.

And Then She Got Up.
"Won't you sit beside me?" said the summer girl after he had stood talking for a time.
"No, thank you, Miss Sweetly," he answered.
"Why?" she inquired.
"Well, if you must know," he said, "the reason is that the point upon the seat is still wet." And then she got up too.

Why He Praised Her Cooking.
It was the first repeat she'd ever cooked, and as her brand new husband sat him down.
She cast upon his face a quizzical look. Yet found she there no disappointed frown.
He praised the coffee, praised the juicy steak.
Went into raptures o'er the eggs she'd fried.
And vowed his honored mother could not make such blauts for all her life she tried.
You see, the fellow was a knowing chap.
And feared she had a brickbat in her lap.

RUTLAND MAN MISSING FROM HIS HOME

Left Home Without Telling of His Intentions and Now His Wife Is Making a Determined Search for Him.

Rutland, Aug. 21.—Eugene Richie of Plain street, well known in this city and who had been employed at the local railroad shops for several months, has left town mysteriously and has not been located since his departure two weeks ago tonight. Richie is married and has a home on Plain street. His wife and children can give no cause for his sudden leaving.

Richie, who is not a drinking man, told Mrs. Richie when he left his home on the evening of August 7 that he was going to see a local insurance man. He did this and when he did not return home his wife became anxious and at once started a search for him.

Several days previous to his departure he told Mrs. Richie that he had secured a position on the Boston & Maine railroad at Troy, N. Y., but as he did not go there when he planned, Mrs. Richie thought he might have gone there later. She immediately went to Troy, but was told that her husband had not accepted the position which he was offered.

It was later learned that Richie was at Whitehall, N. Y., August 8, and had left for Green Island, N. Y. Mrs. Richie went there and although some persons said they had seen Richie, he could not be located at that time and has not been heard of since. Mrs. Richie is nearly prostrated over her husband's sudden departure.

LOOTS BAR HARBOR HOUSE AS THE FAMILY DINES.

Thief, Although Seen by Young Daughter of A. Howard Hinkle, Escapes With Gems Worth \$4,000.

Bar Harbor, Me., Aug. 21.—The police have just been informed of a daring robbery which took place while the family was at dinner at Donaghy, the cottage of Mr. and Mrs. A. Howard Hinkle of Cincinnati. The man carried away \$4,000 worth of jewelry.

He made his entrance by means of a porch at one side of the house and went into the room of Mr. Hinkle, Mrs. Hinkle and Miss Ingalls, removing the jewelry that he found on the bureau. He was evidently in great haste, as he overlooked a number of valuables.

The thief was seen by the young daughter of Mrs. Ingalls, but the little girl did not speak of the matter until the next morning, when the articles were missed. The stolen valuables included a gold watch, a number of scarf pins, pearl and gold studs and cuff buttons, chains, pearl and amethyst pins, a gold pin set with sapphires, three diamond bar pins, and a set with pearls and emeralds and jeweled baby pins.

CHICAGO LAWYER SUES FOR \$200,000.

Charges Libel in Connecting His Name With Failure of Big Bank.

Chicago, Ill., Aug. 21.—Jacob J. Kern, former state's attorney, began suits yesterday against the Daily News, and the Record-Herald, charging damages resulting from articles published a year ago, connecting his name with the failure of the Milwaukee Avenue State bank.

Mr. Kern's attorneys filed a declaration in the superior court asking \$100,000 damages from the Daily News, from Victor F. Lawson, its proprietor, and Charles M. Faye, its managing editor.

The two libel suits are based on an article which was published in the News on Aug. 20, 1906, and reprinted almost word for word in the Record-Herald the following morning. Kern brought suits previously on the same grounds against the Hearst papers and the Inter-Ocean.

SHOCK FELT IN RICHFORD.

Water Wheel Stopped in the Electrical Power House.

Richford, Aug. 21.—The effect supposed to have been caused by a meteor, which was felt in Middlebury, Montpelier, Barre and other places Sunday morning at about three o'clock, was also experienced in this place at the electrical power house. The shock stopped the water wheel and Home R. Whitman, electrician, at once pulled the switch to relieve the dynamo, not knowing what the trouble was. Later in the day it was discovered that chandeliers in J. F. Kelley's hotel had been blown out, presumably by the same cause.

EFFORTS FOR ARBITRATION

Are Made by Powers Now at The Hague

WOULD SAVE CONFERENCE

Declare They Are Innocent—Also Say Large Portion of Press Is Swayed by "Socialistic Outcry from Below and Politics Above."

The Hague, Aug. 21.—Nearly all the governments have sent instructions to their delegations to the peace conference to make an effort to bring about some kind of obligatory arbitration and also the establishment of a permanent court of arbitration, in order to save the conference from failure.

The efforts of the delegates are now directed toward the arrangement of a treaty of obligatory arbitration acceptable to Germany, which country, although admitting the principle of compulsion, has so far opposed a world treaty, arguing that it would tend to minimize rather than promote obligatory arbitration.

It is believed that it will only be possible to conclude a convention providing for obligatory arbitration among the powers which agree to it. Serbia has presented a proposition aiming to make the awards of arbitration tribunals obligatory on the signatory powers after an appeal has resulted in the confirmation of the first judgment.

It is understood that all the Latin American states will accept a permanent arbitration court, although making reserves regarding the allotment of judges if all the countries are to be represented.

AUTO CRASH MADE ROOT GIRL OF 14 MILLIONAIRE

Whole Family of Bristol Man Wiped Out by Accident Except Little Katherine, a Niece.

Great Barrington, Aug. 21.—The automobile tragedy near Ashley Falls, in which Charles J. Root, the Bristol millionaire, his mother and aunt were instantly killed and his sister fatally hurt, has made an heiress of Miss Katherine Root, the millionaire's 14-year-old niece. Mr. Root was greatly attached to his niece. His wife died years ago and the niece lived with her uncle.

A few days before the accident Mr. Root made his will, giving all but \$20,000 of his estate to Miss Katherine. It is estimated that her share will be considerably more than \$1,000,000. It is a singular fact that the young girl, who thus comes into this large inheritance is the only one of the automobile party who will survive. The accident wipes out the entire family, with the exception of the niece. Miss Mary B. Root, sister of the millionaire, is still alive, but her death is anticipated at any hour. The doctors say she cannot possibly live.

Katherine Root fully recovered from the effects of the accident and has returned to her home in Bristol.

CAUGHT IN AUTO WHEEL.

Boy at St. Johnsbury Receives Painful Injuries.

St. Johnsbury, Aug. 21.—Russell Brown, the 13-year-old son of William D. Brown, foreman of the Caledonian newspaper office, jumped from a grocery wagon in front of an automobile driven by H. C. Carr Monday, and was caught in one of the wheels of the machine. He was dragged 30 feet after the machine had been reversed. A large piece of flesh was torn from his knee and his back was injured. The boy was taken to the St. Johnsbury hospital. He will recover.

FRIGHTENED BY AUTOMOBILE.

St. Johnsbury, Aug. 21.—Olage Young of Granby, aged 75 years, is at the St. Johnsbury hospital with a broken shoulder and other injuries, sustained here Monday, when his horse was frightened by an automobile driven by Howard Blossom and ran into a bank at the side of the road. Mr. Young was thrown out and was picked up by Mr. Blossom, who carried the old man to the hospital. His friends at Granby have been notified that his condition is serious.

ASKS INVESTIGATION OF EXPRESS.

Stockholders Demand Accounting, Alleging Improper Control by Platt.

New York, Aug. 21.—Charges of improper administration of the affairs of the United States Express company, of which Senator Platt and his sons are practically in absolute control, have been made by stockholders. A formal demand has been made for an accounting of his profits and business diverted to other capitalists.

The stockholders in their investigation found that James C. Fargo, president of the Wells-Fargo company, and Levi C. Weir, president of the American Express company, are members of the board of directors of the U. S. Express company, holding 20,000 shares acquired through Senator Platt.

Platt and his sons, it is said, own only 300 shares of the company which they control. The stockholders demand that a meeting be called and that the shareholders be permitted to elect members of the board to fill vacancies. Senator Platt and the other officers are asked by the stockholders to bring suit against themselves for an accounting of money and business improperly diverted for the benefit of the stockholders.

WIFE SLAIN WHILE MAN FIGHTS FLAMES.

Burglars Fire Barn of Farmer as Decoy. Then Loot House, Kill One Woman and Beat Domestic Insensible.

Philadelphia, Pa., Aug. 21.—Burglars set fire to the barn of Edward Horner, near Collingswood, early today, and while robbing the house when the aged farmer went to save his horses, murdered his wife and probably fatally injured Victoria Natoli, a domestic, fracturing her skull.

The murderers are believed to be two colored men, one recently discharged by Horner, and the other a man whom Horner employed yesterday.

About 4 o'clock this morning Horner was aroused by the fire. He ran to the barn, and while at the house saving his stock, the men entered the house.

The burglars were gathering up silverware when they were interrupted by Mrs. Horner, who had come down stairs, attracted by the fire.

When Horner returned to the house, 20 minutes later, he tripped over his wife's dead body. Her head had been crushed in by a blow from an axe. Groans led the farmer to another part of the first floor where he came across the prostrate form of Mrs. Natoli.

DYNAMITE BOMB HURLED IN YARD OF GAMBLER.

Fifth Attempt to Wreck Houses or Saloons of Heads of Chicago Syndicate of Gamblers.

Chicago, Ill., Aug. 21.—Some one threw a dynamite bomb into the front yard of Mont Tennes, a Chicago gambler, last night. The concussion shook the houses of the neighborhood and was heard distinctly a mile away. The explosion tore a deep hole in the sod and shattered the windows and screens in the Tennes house and in houses around.

This makes the fifth recent attempt to wreck the residences or saloons of the men at the head of Chicago's gambling syndicate.

Tennes is the most powerful gambler on the North side, and had a string of books in the down town district before the police clamped the lid down.

This second dynamite scare at the Tennes residence is the latest of a series of outrages that has given the heads of the gambling syndicates spasms of fear. They do not know who their secret enemy is, nor where the blow will come next. The engineering of the plots is supposed to be seeking to force the big gamblers into paying him money.

A. F. OF L. WILL FIGHT HARD, GOMPERS DECLARES

Defends "Unfair List" on Ground of the Freedom of Speech.

Washington, D. C., Aug. 21.—Commenting on the suit of James W. Van Cleave, president of the National Association of Manufacturers, against President Gompers and other general officers of the American Federation of Labor, Mr. Gompers said yesterday that he would fight the action the utmost publicity in the publications of the federation. He stated that if necessary the case would be carried to the Supreme court of the United States and that the federation would make its fight to sustain the "unfair list" on the general constitutional ground of freedom of speech and press.

The suit seeks to enjoin boycotting and publication of the unfair list.

BONAPARTE WILL DECIDE

Not to Refere Alton Case to Landis

AN EMPHATIC DENIAL

Of Yesterday's Report—Interview Not Denied by the Oil King—The Reported Repudiation Did Not Take Place.

Washington, D. C., Aug. 21.—Attorney General Bonaparte said yesterday that the question of granting immunity to the Chicago & Alton railroad for giving rebates to the Standard Oil company had not been referred to Judge Landis of Chicago for determination, as reported, and he emphatically stated that he himself would determine whether the immunity would be given. Mr. Bonaparte left last night for Lenox, Mass., to remain a couple of days. He will then return to Washington, when he believes he will be able to announce his decision in the matter.

No Decision on Immunity by Bonaparte. There was an all-day conference at the department of justice Monday on the question of the Chicago & Alton rebates cases, with special reference to the question whether the immunity from prosecution which was promised to that railroad by ex-Attorney General Moody is still binding upon the government.

Federal Judge Keneas M. Landis, who imposed the big Standard Oil fine at Chicago, holds that it is not binding, and he is supported in this opinion by E. W. Sims, the United States district attorney in Chicago who helped prosecute the Standard Oil company of Indiana and who stands ready to prosecute the Alton.

DID NOT REPUDIATE INTERVIEW.

Statement of Rockefeller on the Standard Oil Decision.

New York, Aug. 21.—On Tuesday night, August 13, the Associated Press office in Cleveland sent out a dispatch through this service announcing that Mr. John D. Rockefeller had denied the authenticity of a widely circulated interview with him which had been printed that morning. An investigation shows that this repudiation of the interview did not come direct from Mr. John D. Rockefeller, and was not authorized by him. So far as the Associated Press is able to discover, the interview was perfectly accurate and its publication fully authorized.

ROCKEFELLER TO GET FEES.

He Will Receive \$73.95 for Expenses as a Witness.

Chicago, Ill., Aug. 21.—John D. Rockefeller will receive \$73.95 from the United States as his witness fee for testifying in the recent hearing before Judge Landis in this city. A month ago, United States Marshal Hoy received a letter from Mr. Rockefeller saying that he desired to collect what money was due him. A blank affidavit was sent to him and he returned it yesterday, after swearing that he had traveled 1,449 miles to appear before Judge Landis. The government will allow him ten cents a mile for his traveling one way, and \$1.50 for his witness fee for one day. The check for \$73.95 will be sent to Mr. Rockefeller as soon as he has signed the payroll, which has been forwarded to him.

DECISION COSTS CITY \$1,000,000.

New York Loses Suits Against Railroads in Street Paving Cases.

New York, Aug. 21.—Hamilton Odell, who was appointed referee to pass upon the city's suits to recover some \$211,000 from the Broadway & Seventh Avenue Railroad company and other railway companies for the cost of repaving the tracks of the four companies during the years 1891 and 1895 inclusively, has decided against the city.

The decision means a loss to the city of between \$700,000 and \$1,000,000 for the cases of the four railroads were submitted as test suits, there being 35 such suits in all brought by the city.

FLEMING WILL PROBE KELSEY.

Governor Names Him as Investigator of Insurance Department.

Albany, N. Y., Aug. 21.—Governor Hughes yesterday appointed Matthew C. Fleming of New York to make an investigation of the state insurance department. Mr. Fleming was assistant to Governor Hughes during the famous insurance investigation. He expects to begin his inquiry about the middle of September.

Mr. Fleming is appointed under the provisions of the Moreland law, which empowers the governor to appoint one or more persons to make an investigation of any state department or bureau.

CONVICTED OF LAND FRAUDS.

Benson and Perrin Found Guilty in San Francisco.

San Francisco, Cal., Aug. 21.—John A. Benson and Dr. Edward B. Perrin were Monday convicted in the United States court of conspiracy to defraud the government out of 12,000 acres of land in California.

Judge De Haven fixed Thursday next as the time for passing sentence. The punishment provided by statute is a fine of not less than \$1,000 and imprisonment for not less than two years.

112 ARE KILLED IN MINE; EXPLOSION OF DYNAMITE

Two of the Victims Are Germans and the Others Chinese.

Berlin, Aug. 21.—The directors of the Shantung Mining company yesterday received a cable message from Tsingtau announcing that an explosion of dynamite had occurred underground in the Fangtee mine, resulting in two Germans and 110 Chinamen being killed.

LAWYERS CLASH AGAIN

IN SUIT OVER MRS. EDDY.

Hearing in The Case Is Resumed in The Concord Court—Alienists to Invade Home of Mrs. Eddy.

Concord, N. H., Aug. 21.—Further arrangements for the next examination of Mrs. Eddy at her home in Pleasant View were made yesterday when the masters continued their inquiry into the mental condition of the aged Christian Science leader. General Streeter, senior counsel for the defense, accepted the suggestion of the lawyers of the "next friends" that the masters on their visit be accompanied by two alienists selected by the "next friends," who will be given this opportunity to prepare themselves to testify concerning Mrs. Eddy's mental condition.

The original motion, however, was unanimously modified by the court, and although the final ruling has not yet come, it is probable that besides the two alienists selected only one attorney representing each side will be permitted to accompany the masters on their visit. Senator Chandler yesterday announced his intentions to take exception to this expected ruling. He claimed that the "next friends" have a constitutional right to see and question Mrs. Eddy.

"Mrs. Eddy," he said, "is perfectly able to go out of doors; she is able to ride in a carriage, and we believe that she is able to appear in court room. The examination of Mrs. Eddy is the most important point in this case."

The publication is a neatly bound pamphlet, 32 pages long, containing principally extracts from newspapers and magazines relating to the \$25,000,000 fine, and was issued from the offices of the Standard Oil company in this city. The words "from the directors of the Standard Oil company to its employees and stockholders" appear on the cover. The clippings are preceded by a statement entitled, "A Word in Advance," from which the following are extracts:

"The directors of the Standard Oil company, in printing this pamphlet, decide to emphasize for the half-million of people directly interested in its welfare the assurance of the company's absolute innocence of wrong-doing in any of the prosecutions lately instituted against it in the federal courts. Particularly in this so in the recent Chicago and Alton railroad case, and notorious by the sensational fine of \$25,000,000 imposed on the Standard Oil company of Indiana.

"It should be known as widely as possible that this is no case of rebate or discrimination, but simply of the legality of a freight rate. It should be known that the verdict was obtained by the government upon the most hair-splitting technicality, aided by the rigorous exclusion of evidence that would have removed all presumption of guilt.

Isn't This Town A Pretty Good Town? If Not, Why Not?

How do you like the town you live in? Pretty fair sort of place, isn't it? Otherwise you'd move to some other town, wouldn't you?

But you don't think much of this town, you say? Well, what's the matter with this town? If there's anything wrong, let's all get together and right it.

All of us live here, and we ought to pull together. Nobody living in New York or Chicago or St. Louis or San Francisco is going to do any pulling FOR us.

On the contrary, some of those cities are doing a lot of pulling FROM us. They not only pull away some of our best young men as the boys grow up, but they pull away many of our good American dollars, which ought to be spent right here, where they would do the most good.

What is your favorite book? The Mail Order Catalogue? Ah, so we thought!

Now suppose, just for a change, you read your local paper carefully, watch the advertisements, and if you don't see what you want ask the home merchant for it. Suppose all of us trade at home a little more regularly. That ought to help make this a better town.

And maybe if we'd keep more of our money at home to build up the town we'd keep more of our boys at home.
